**Robot Consulting Co., Ltd. (Head office: Tokyo. CEO: Akihito Usui. Hereinafter "Robot Consulting"), a company that provides professional services in the metaverse, will have a booth at the Virtual Market 2022 Winter, the world's largest VR event hosted by HIKKY Co., Ltd. (Head office:Tokyo. CEO: Yasushi Funakoshi. Hereinafter "HIKKY") and will release a test version of Robot Lawyer's DATA A.**

Robot Consulting is developing the world's first Robot Lawyer on the metaverse to solve problems and consultations in the metaverse.

As our first service, we will have a booth at the Virtual Market 2022 Winter, the world's largest VR event hosted by HIKKY, and will release a test version Data A of the Robot Lawyer.

※Virtual Market was recognized by Guinness World Records™ as "The Most Number of Booths at a Virtual Reality Market Event."

By recognizing the movements and voices of real lawyers and using a system that interlocks with their avatars in the metaverse, users can consult anonymously through their avatars. This makes it possible to easily consult with actual lawyers. This service solves the high threshold for legal solutions and justice by taking advantage of the unique characteristics of metaverse.

In the future, we will establish a law office in metaverse together with affiliated lawyers and law firms who provide automated consultation services using AI technology.
